

Corporate Health and Safety Policy Statement

Automation Support Services Pte Ltd recognises the safety and health of its employees and the protection of the environment to be an important part of its operations. Our company is committed to preventing the accidental loss of any of its resources, including employees and physical assets.

In fulfilling this commitment to protect both people, property and the environment, the management will provide and maintain a safe and healthy work environment in accordance with industry standards and in compliance with legislative requirements. By implementing Risk Assessment, the management will strive to eliminate any foreseeable hazards which may result in property damage, accidents, or personal injury/illness.

We recognise that the responsibility for health and safety are shared. All employees will be equally responsible for minimising accidents within our facilities and on our work sites. To enhance our employee's competence and awareness, safe work practices and job procedures will be clearly defined in the company's Health and Safety documentation for all employees to follow. The documentation will be periodically reviewed and updated.

Accidental loss can be controlled through the dissemination of this policy and good management in combination with active employee involvement. Safety is the direct responsibility of all managers, supervisors, employees, suppliers and contractors.

All management activities will comply with company safety requirements as they relate to planning, operation and maintenance of facilities and equipment. All employees will perform their jobs properly in accordance with established procedures and safe work practices.

I trust that all of you will join me in a personal commitment to make safety a way of life.
