Creating Safer Places to Work ZoneSafe™ Person to Person Social Distancing Solution

ZoneSafe™ P2P Social Distancing Solution for Work Teams. Get your business working again and help ensure safe distances between workers in industrial environments

Worker Health & Safety has Never Been so Important

Detect workers within a 2 meter proximity to each other and immediately warn of any interaction using wearable TAGS with vibration feedback

- ◆ Adhere to Social Distancing Guidelines
- ◆ Reduces Person-to-Person Contact
- ◆ Ensure Safe & Consistent Distancing is Maintained
- ◆ Quick to Deploy to Workers at a Job Site or Workplace

Different Options for Workforce Requirements

ZoneSafe P2P™ is available as a standalone wearable active TAG. Further options are available to connect with a flashing Hi Viz vest or belt.
